AzEIP Provider Rate Change Virtual Forum

Governor Katie Hobbs and the Arizona State Legislature approved an increase in funding to the Arizona Department of Economic Security (DES) Arizona Early Intervention Program (AzEIP) during the most recent Legislative session. This funding will allow for the sustainability of provider rates.

A series of virtual forums will be hosted by AzEIP in July 2023. We encourage Providers, Families, and Stakeholders to attend. AzEIP will discuss its proposed rate changes utilizing these funds. Attendees can provide input about the services they feel are most important. In developing provider rate increases using this funding, AzEIP will consider:

- Feedback from the forums
- Written comments submitted to AzEIPInvoices@azdes.gov
- Review of data, including network adequacy, telehealth service delivery costs, and increases in rates.
